PROFESSIONAL SUMMARY

Graphic Designer with 4+ years of freelance experience creating logos, brochures, flyers, leaflets, and brand stationery for international clients. Achieved a 5.0-star rating across 20+ Fiverr reviews with a strong focus on client satisfaction and high-quality visual communication.

Bachelor's degree in Computer Science. Creator and manager of "Milo Animates," a social media brand with 273,000+ followers, producing original AI-assisted animated content and visual storytelling using Canva and Adobe Creative Suite for design refinement and final production.

Seeking a Graphic Designer or Marketing Designer role in the UAE to contribute creative, engaging, and brand-focused visual content.

CORE SKILLS

- Logo design, brand identity & brand guidelines
- Brochure, leaflet, flyer & catalogue layout (print-ready)
- Business stationery: letterheads, business cards, forms
- Social media content design & character animation
- Adobe Illustrator, Photoshop, InDesign, Adobe After Effects
- Canva Pro
- AI-assisted animation & content tools, with manual refinement in editing software
- Client communication, brief interpretation & revision management

EXPERIENCE

Freelance Graphic Designer — Fiverr (qwerty_works)

2022 November – Present

- Delivered 20+ completed design projects (logos, brochures, leaflets, letterheads, posters) for clients across the UK, Germany, India, USA and UAE, maintaining a 5.0/star average rating.
- Worked directly with clients to translate briefs into print-ready designs using Adobe Illustrator, Photoshop and Canva, with fast turnaround (1–6 day average delivery).
- Managed multiple revision rounds per project to meet exact client specification, including projects requiring research into unfamiliar languages, cultures and industries.
- Produced advertising posters and campaign material tailored to specific regional audiences.

Founder & Designer — Milo Animates

2025 December – Present

- Created and grew an original animated-monkey character brand on Facebook to 273,000+ organic followers with no paid advertising.
- Designed the character, story content and visual style, using AI-assisted animation tools to generate motion content and editing/finishing it in Adobe Photoshop and related software.
- Planned and maintained a consistent content and posting schedule to sustain audience growth and engagement.
