Immediately Available for Full-Time, In-Person Work in Dubai | English & Tamil

PROFESSIONAL SUMMARY

Graphic designer with 4+ years developing brand identities, logos, and illustrated visual content for clients across print and digital. Strong hand-drawing and illustration foundation, with a keen eye for color theory and typography, applied to original character design and freelance branding projects alike. Built an original animated-character brand from concept sketch to a large social following, and delivered logo, brochure, and marketing collateral for clients across multiple industries via freelance work. Comfortable developing creative concepts independently, incorporating client feedback, and managing multiple design projects under deadline. Currently in Dubai and available to start immediately.

DESIGN & MOTION GRAPHICS EXPERIENCE

Milo Animates — Original Animated Character Brand

Creator & Designer

- Designed an original character from initial hand-drawn concept sketches through to a fully realized brand identity, growing the brand on Facebook to a large, engaged following.
- Owned the full creative pipeline — character illustration, color palette development, animation, and editing (Canva/CapCut) — maintaining a consistent, hand-crafted visual identity across every post.
- Developed each new piece of content as an original creative concept, iterating on drawing and design independently before publishing.

Mobile App Developer & Graphic Designer — Fiverr (qwerty_works)

Freelance, Remote | Jan 2022 – Present

- Designed logos and brand identities for freelance clients across multiple industries, translating client briefs into original concepts using Adobe Illustrator, Photoshop, and Figma.
- Delivered brand and marketing collateral including brochures, flyers, banners, social media graphics, and icons, applying consistent color theory and typography principles to each brand guideline.
- Owned client design engagements end-to-end — requirements gathering, concept sketching, revisions based on feedback, and final delivery — while managing multiple projects simultaneously.
- Prepared print-ready and web-optimized final artwork for both digital publication and print, maintaining brand consistency across every deliverable.

ADDITIONAL EXPERIENCE

Mobile Engineer (Native iOS / Flutter) — Elegant Media Australia

Full-time · Remote — International Clients | Jun 2024 – Jul 2026 (2 yrs 2 mos)

- Worked in a corporate, international, cross-functional environment with designers, QA, and stakeholders in an Agile, deadline-driven pipeline — shipping production work end-to-end for global clients.

Mobile Application Developer (Flutter/React Native) — Cherry InfoTech

Contract · Doha, Qatar — Remote | Jun 2022 – Jun 2023 (1 yr 1 mo)

- Collaborated with cross-functional engineering and design teams in an international, contract-based environment, contributing to enterprise-grade applications for financial-sector clients — applying the same structured concept-to-delivery workflow used on branding and illustration projects, under deadline.
